The Determination of Non-Significance (DNS) is based on the project as proposed and reflected in the following:

Our agency will not require any additional mitigation measures under SEPA.

This DNS may be withdrawn at any time if the proposal is modified so that it is likely to have significant adverse environmental impacts (unless a non-exempt license has been issued if the proposal is a private project); if there is significant new information indicating, or on, a proposal's probable significant adverse environmental impacts; or if the DNS was procured by misrepresentation or lack of material disclosure.
